

DEPARTMENT OF HOMELAND SECURITY
U.S. COAST GUARD
INCIDENT ORGANIZATION CHART (ICS 207-CG)

PRIVACY NOTICE

AUTHORITY: USCG is authorized to collect the information pursuant to Emergency Management Manual, Volume IV: Incident Management and Crisis Response, COMDTINST M3010.24; Management of Domestic Incidents, Homeland Security Presidential Directive-5 (HSPD-5); National Preparedness, Presidential Policy Directive-8 (PPD-8); U.S. Coast Guard Emergency Management Manual, Volume I: Emergency Management Planning Policy, COMDTINST M3010.11; 40 C.F.R. § 300.125(a)(b); 14 U.S.C. § 504, Commandant; general powers.

PURPOSE: USCG collects the information to record the Incident Command System (ICS) organization position assignments of an incident.

ROUTINE USES: USCG will use this information to assist the Coast Guard and other agencies in all facets of emergency and incident management to prioritize and gauge the effectiveness of response actions. Information from this form may be disclosed externally pursuant to DHS/USCG/PIA-008 Marine Information for Safety and Law Enforcement (MISLE).

CONSEQUENCES OF FAILURE TO PROVIDE INFORMATION: Providing this information is voluntary. In order to assist with maintaining confidentiality respondents are advised not to disclose any additional personally identifiable information (PII) in their free-form responses.

GENERAL INSTRUCTIONS

Purpose. The Incident Organization Chart (ICS 207-CG) provides a visual wall chart depicting the ICS organization position assignments for the incident. The ICS 207-CG is used to indicate what ICS organizational elements are currently activated and the names of personnel staffing each element. An actual organization will be event specific. The size of the organization is dependent on the specifics and magnitude of the incident and is scalable and flexible. Personnel responsible for managing organizational positions are listed in each box as appropriate.

Preparation. The ICS 207-CG is prepared by the Resources Unit Leader and reviewed by the Incident Commander. Complete only the blocks where positions have been activated, and add additional blocks as needed, especially for Agency Representatives and all Operations Section organizational elements. For detailed information about positions, consult the NIMS ICS Field Operations Guide. The ICS 207-CG is intended to be used as a wall-size chart and printed on a plotter for better visibility. A chart is completed for each operational period, and updated when organizational changes occur.

Distribution. The Incident Organization Chart should be part of the Situation Display. All completed original forms **MUST** be given to the Documentation Unit.

- Notes:**
- The ICS 207-CG is intended to be wall mounted (printed on a plotter). Document size can be modified based on individual needs.
 - The ICS 207-CG may be added as part of the Incident Action Plan

Item #	Item Title	Description
1.	Incident Name	Enter the name assigned to the incident.
2.	Incident Location	Enter the location of the incident / City and State or Country if applicable.
